Public Service Commission

Subject: Petition Against the Duke Energy Progress Rate Increase

Dear Public Service Commission,

As a Duke Energy Progress electric customer, I encourage you to closely examine the Duke Energy Progress electric rate proposal (2018-318-e) when it comes before you, Specifically, I am concerned that:

The Duke Energy Progress proposal to increase the basic facilities charge a fixed cost from \$9.08 to \$29. This would make this mandatory fee one of the highest in the country and much higher than the other investor-owned utility in South Carolina, which recently lowered its fixed cost.

The increase in this mandatory fee takes away customer control over my energy bill robs me of the full benefit of energy conservation efforts. It is important that you protect older consumers who may live on a fixed income.

.If most citizens in South Carolina are me they can not afford a price hike. When you take in the Florence diaster, some of us are trying to find a stable ground to allow us to fully rebuild and move forward. We don't need another \$300+ yearly to be added onto our bill monthly especially the senior citizens and disabled. How are we to survive? Eat, buy medicine, food and other necessary items or maybe we start to use kerosene lamps for lights and block ice to keep food frozen when we have food (not everbody get Food Stamps). If you can afford the hike then God Continue to Bless You.

Sincerely,
Mrs. GONSIE WILLIAMS
